Sven Kristian

Sven is fascinated with the alchemy of light and photography. The fleeting sparkle that brings fantasy to life and elevates moments to more than what can be seen with the naked eye— making him a firm client favourite.

Inspired by his passion for photography, travel and good light, he has spent time travelling in his home Namibia, corners in Europe and exploring the furthest reaches of his home in South Africa. Sven's work is unique, considered and with a sense of magic and nostalgia. We would love to show you what he can do for your content needs.

EXPLORE

There is something magical about the unknown.

Each new location provides a new canvas. New light that becomes the tools to make new work. It's the newness and uniqueness of new places that Sven takes home to his image making process. Making images that have that sense of exploration and wunderlust.

MAGIC

Creating light from scratch and seeing how it plays in a frame is very apparent in Sven's work. The color and patterns mixed with the perfect expression are a constant pursuit in his personal and brand work. Making his results distinctive and fresh.

UNIQUE

Sven's use of in-camera techniques and careful post production give him a unique perspective. His photography feel cinematic and composed to tell a story of alchemy. The creative expression of fashion and moment.

MOMENTS

Sven technique is all in the pursuit of capturing moments. Interactions frozen in perfect light and composition. Working with team that compliment his search for the perfect fashionable lifestyle moments
